

## Holiday Greetings

This year you have lit my candle despite the darkness many see.

Many of you ask me how I stay upbeat and positive. And my simple answer is I choose to. Below is a very inspiring story for our lives I hope it will light you as it lights me.

The professor of a well-known local university challenged his students with this question. "Did God create everything that exists?" many replied with a yes.

"If God created everything, then he created evil. Since evil exists God is evil.

One student raised his hand and asked the professor, "May I pose a question? "

"Of course" answered the professor.

"Professor does 'Cold' exist?"

The professor answered, "What kind of question is that? Of course cold exists... haven't you ever been cold?"

The young student answered, "In fact sir, **Cold does not exist.**

According the laws of Physics, what we consider cold, in fact **it is the absence of heat.** Anything can be studied as long as it transmits energy (heat).

Absolute Zero is the total absence of heat, but cold does not exist. What we have done is create a term to describe how we feel if we don't have body heat or we are not hot,"

"And, **does Dark exist?**" he continued. The professor answered "Of course".

"Again you're wrong, Sir.

**Darkness does not exist either.** Darkness is in fact simply **the absence of light.**

Light can be studied, darkness cannot. Darkness cannot be broken down. A simple ray of light tears the darkness and illuminates the surface where the light beam finishes. Dark is a term that we humans have created to describe what happens when there's lack of light."

Finally, the student asked the professor, "Sir, **does evil exist?**"

The professor replied, "Of course it exists, as I mentioned at the beginning, we see violations, crimes and violence anywhere in the world, and those things are evil,"

The student responded, "Sir, **Evil does not exist.** Just as in the previous cases, **Evil is** a term that man has created to describe the result of **the absence of good and God's presence in the hearts of men.**

After this, the professor bowed down his head, and didn't answer back.

The young man's name was ALBERT EINSTEIN.

Here we come 2009, with Happiness Health and Wealth
